*Flexible leases from Xchange Leasing, LLC are 36 months with the flexibility to return the vehicle after 30 days with a two week notice and a \$250 disposition fee. This special lease program is brought to you by participating lenders. Not all applicants will qualify for this program. Each participating lender has set the requirements for its program, and certain items present on your credit report may cause you to be excluded from this offer, including without limitation, a repossessed vehicle within the last 12 months, a pending bankruptcy, or a discharged bankruptcy within the last 12 months. To qualify for this program, you must sign a "payment deduction authorization agreement" with Uber under which you agree to make your weekly vehicle payment pursuant to the terms of that agreement. Financing not available in all cities.
